

Coded Symbols 2

Below is a grid containing 9 boxes. Each box contains a symbol. There are 4 different symbols.

Each symbol represents a single digit number. The digits around the outside of the grid show the totals of each row and column. Can you work out the value of each symbol?

●	●	□	8
□	◇	◇	14
X	◇	□	10
7	12	13	

Solution

X	●	□	◇
