

Ancient Greek Legacy

Long, long ago, people called the Ancient Greeks lived in a sunny land by the sea. They were very clever and gave us lots of wonderful things we still use today.

The Greeks loved stories about gods and heroes. They told tales about Zeus, the king of the gods, and brave heroes like Hercules.

They also invented the Olympics! Athletes ran races and competed to win. We still have the Olympics today.

The Greeks built beautiful temples and statues. They asked big questions about the world and tried to find answers.

Even though the Ancient Greeks lived thousands of years ago, their ideas are still all around us.

Questions
