

We're on a campaign to help teachers...

MAKE LEARNING STICK!

We're on a campaign to help children across the country remember what they've been taught through our free, fully-funded [Make Learning Stick CPD workshops](#).

And [we're inviting schools and Multi-Academy Trusts to join us](#). We'll explore...

1. Why the acquisition of knowledge is such an important part of the learning process.
2. The forgetting curve and the secret to defeating it.
3. Ways we can crystallise new learning into children's long-term memory.

Tailored to meet your needs

- INSET days
- Staff twilight sessions
- Teaching and learning conferences
- Part of your subject leader days
- Online webinars

Why get involved?

- Contains vital information that every educator should know
- Includes loads of practical strategies
- Improves outcomes for pupils

How do I get involved?

Please contact our 'Make Learning Stick' events manager Sophie Cloudsdale...
